**Areas of Practice**

Civil / Commercial / Trade Practices / Insurance / Property / Building and Construction / Contract / International Commercial Arbitration / Professional Negligence / Environment and Planning

Specialisation

His special interests include duties of care and recovery for pure economic loss, causation, proportionate liability, and the assessment of damages.

General profile

He has been a graded Arbitrator since 1993, and frequently acts as an Arbitrator or Expert Assessor in legal proceedings involving technical matters.

Bernard Carr is an experienced barrister and civil engineer. He practises in the areas of building and construction law, environmental (land contamination) law, insurance law and professional negligence.

Previous occupation

He has been a lawyer for over 20 years, and as a barrister has appeared in many of the large multi-party construction or environment related disputes heard before the Victorian Supreme Court and Court of Appeal over the last decade. He completed his articles at Clayton Utz in 1996, and worked as a solicitor before joining the Bar. Prior to completing his legal qualifications he was a senior geotechnical engineer and manager with a US based consulting firm. He has had extensive experience in South East Asia working as an engineer and lawyer, and has lived and worked in Singapore, Malaysia, Indonesia and Papua New Guinea.
